MEMORANDUM FOR THE RECORD

SUBJECT: SPM8E3-18-R-0001, Maintenance, Repair and Operations (MRO) CENTCOM Solicitation- Attachment 1

The subject is the fifth generation of the MRO program for the CENTCOM AOR. DLA Troop Support intends to award multiple contracts (a maximum of 4) to firms capable of providing focused logistics support for the MRO requirements of its military and authorized non-military customers. The requiring activities are DLA customers located in the CENTCOM Area of Responsibility (AOR) which includes the following countries: Bahrain, Egypt, Iran, Iraq, Jordan, Kuwait, Lebanon, Oman, Qatar, Saudi Arabia, Syria, the United Arab Emirates, Yemen, Afghanistan, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan and Uzbekistan. CENTCOM has been supported by Tailored Logistics Support (TLS) vendors for the past fifteen years. Proposals are being solicited for tailored logistics packages that, to the maximum practicable extent, will employ the techniques, advantages and economies of commercial business practices to reduce the total logistics cost to DLA Troop Support and its customers, and to provide rapid response, direct vendor delivery, advanced distribution, material management, total asset in transit visibility, and information fusion, in response to customer demands, including surge requirements. The TLS vendor program is designed to supply commercial items using commercial item descriptions or brand name preferences.

The solicitations for the previous contracts were issued as fully competitive on an unrestricted basis. Competition was obtained for previous solicitations. On the previous solicitation a total of eighteen offers were received. Out of the eighteen vendors, three were large businesses, seven were foreign and the remaining eight were small businesses. The offerors in the competitive range under the previous solicitation were all integrated non-manufacturer suppliers. Three contractors, Theodor Wille Intertrade (TWI), a foreign business; Noble Supply and Logistics, a U.S. small business; and Atlantic Diving Supply (ADS), a U.S. small business were awarded on the existing CENTCOM TLS contract. At the end of the two year base, ADS acquired TWI and therefore one of the contracts (SPM8E314D0003) was left to expire.

CONTRACT #	CONTRACTOR	AWARD DATE	TOTAL CONTRACT OBLIGATED DOLLARS	CONTRACT PERIOD
SPM8E314D0001	Atlantic Diving Supply	November 25, 2013	\$55,700,287.57	2 year base with (2) eighteen month options
SPM8E314D0002	Noble Supply & Logistics	November 25, 2013	\$58,322,800.77	2 year base with (2) eighteen month options
SPM8E314D0003	Theodor Wille Intertrade	November 25, 2013	\$19,703,165.95	2 year base. Expired 11/24/2015

Large businesses must submit a Small Business Subcontracting Plan as required by FAR 52.219-9 with required input into eSRS. In addition FAR 52.219-8 is included in the solicitation. The past performance of offerors in complying with the requirements of FAR 52.219-9 Small Business Subcontracting Plan will be evaluated.

The scope, customer base, geographical region, and types of items are all the same as the previous contract; therefore, bundling and/or consolidation of requirements are not applicable since this is a renewal action previously solicited as fully competitive and awarded on an unrestricted basis. Competition was obtained for previous solicitations. The offerors in the competitive range under the previous solicitations were all integrated suppliers. Eighteen vendors were identified. Out of the eighteen vendors, three are large businesses, seven are foreign and the remaining eight are small businesses. Three contractors, Theodor Wille Intertrade (TWI), a foreign business; Noble Supply and Logistics, a U.S. small business; and Atlantic Diving Supply (ADS), a U.S. small business were awarded on the existing CENTCOM TLS contract.
